On December 11th the death angel came and took away aunt Margaret Young, a kind and loving mother. She was 70 years, 4 months and a few days old. She leaves seven children and a step daughter to mourn her departure. Her husband and one son had gone before her. She was loved by every body who knew her.
Rev. M. B. Clift conducted the funeral service Wednesday at Pleasant Hill and the remains were laid to rest in the Pleasant Hill cemetery.
Angels called thee, dear aunt Margaret
Called thee to their sunny home,
And we know that thou art waiting;
For the loved ones here to come.
Of we long to hear thee singing,
Of that bright immortal throng;
Hear the golden harps ringing:
In that happy land of song
Where dear aunt Margaret is calling us to come.
Sweetest, fairest, brightest face;
Darling of our heart's fond love,
Oh! we miss thee every hour,
Since they called thee above.
Angels called thee dear aunt Margaret
Now thy form is resting;
In the cold and silent tomb.
Thy hands are folded, thine eyes are closed forever;
Gone the smile that we loved so well,
Angels called thee, dear aunt Margaret,
From all pain and care away
To the realms of joy eternal;
To that land of purest day.
We will miss thee dear aunt Margaret
Oh! how sadly; but we will meet thee dear aunt Margaret,
In that home of perfect bliss
With that happy angel band.
A friend,
CRAZY MADGE

Calomel Salivates and Loosens Teeth
The Very Next Dose of this Treacherous Drug may Start Trouble
You know what Calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.
If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous Calomel. Taken spoonful and it doesn't start your liver and straighten you up better and quicker than nasty Calomel and without making you sick, you just go back and get your money.
Don't take Calomel! It makes you sick the next day, it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

Queer Feelings
"Some time ago, I was very irregular," writes Mrs. Cora Kline, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of CARDUI The Woman's Tonic and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles... and was made so much better I didn't have any more trouble of this kind. It regulated me."
CARDUI has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. Try you suffer as she did, take CARDUI—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

Statement of what cows will do and what a farmer can make from his cows where he sells his product to a cheese factory.

FOR DECEMBER 1922

300 cows each producing 17 pounds of milk daily equals 5100 pounds. 4% butter fat test makes 561 pounds of Square or Daisy cheese 30 cts. lb. \$158.30.
5100 lbs. 4% test equals 204 lbs. butter fat 68c a lb. \$138.72.
Cost of manufacturing cheese, three cents a pound 16.83
Cost of marketing cheese, one cent a pound 5.61. \$161.15

Daily profits of.....\$7.14
or 33% on the investment of \$8,000 after paying 68 cents a pound for butter fat, and making a pay roll of over \$5,000 a month operating 12 months in a year.
On this basis the farmer will receive 24 cents a pound more for his butter fat than he is now paid, from which, he can pay 10 cents a pound for ten months, which will amount to \$200.00 for his interest in the factory, leaving 14 cents a pound and 33% dividend on his \$200 investment more than he is now receiving for butter fat after which, he will receive full benefits of the higher prices, will own a two hundred dollar interest in the plant and share in the earnings of the business. By giving the cows more and better care this profit can be considerably increased.
Milk testing 4% will pay \$2.72 per 100 lbs. or 23 cts. a gallon.
Milk testing 4.5% will pay \$3.06 per 100 lbs. or 25 cts. a gallon.
Milk testing 5% will pay \$3.40 per 100 pounds or 28 cts a gallon.
Milk testing 5.5% will pay \$3.74 per 100 lbs. or 31 cts. a gallon.
Milk testing 6% will pay \$4.08 per 100 lbs. or 34 cts. a gallon.
Average grade Jerseys will test 4.5% to 6%
While this statement is based on the price for the month of December, the same difference in the price of butter fat will compare favorably throughout the year.

OBITUARY
Myrtle Marie Hart, daughter of Fred and Bessie Hart, was born March 16th, 1918, died Dec. 15th, 1922 Age 3 years and 9 months. She leaves father, mother four brothers and two sisters to mourn over their sad loss. Yet while it is so hard to give up sweet Myrtle Marie but we must submit to the will of him that doeth all things well and cherish that happy thought that she is sweetly resting in the arms of a loving Savior waiting to welcome her loved ones home. Funeral services were conducted by Elder G. Chadwell at the Christian Church at Norwood and the remains were laid to rest in the Norwood cemetery to await the resurrection morn.
